ORDER: RENTING ELECTRICAL INSTALLATIONS

Figure 1 shows a 16x16 grid of plus signs (+) representing a 2D lattice. The grid is labeled "Neighbor no." at the top and bottom, and "Neighbor no." on the left and right sides. The grid is divided into four quadrants by a vertical line and a horizontal line. The top-left quadrant is labeled "1", the top-right "2", the bottom-left "3", and the bottom-right "4". The grid is used to illustrate the concept of a 2D lattice and its neighbors.

A horizontal timeline with eight vertical tick marks. The second tick mark from the left has a dot below it, and the fourth tick mark from the left also has a dot below it. The text "Order date" is centered below the timeline.
